

# Population Biology of Vector-borne Diseases

A SYMPOSIUM AT THE CENTER FOR THE ECOLOGY OF INFECTIOUS DISEASES

February 24, 2018

## Sponsorship Opportunities

Sponsoring partners are eligible to give presentations, distribute promotional materials, and network with highly-specialized graduate students, postdocs, and faculty working in infectious disease and computer modeling. In addition to supporting the Population Biology of Vector-borne Diseases symposium, sponsorships will promote our commitment to furthering the instruction and research of the ecology of infectious diseases.

### Sponsorship Packages

Sponsorship Level	Gold \$5,000	Silver \$2,500	Bronze \$1,000
Complimentary Registrations (\$25 Value/person)	2	1	0
